MT. PLEASANT, July 8.—Yesterday afternoon one of the worst storms that has visited this section in years came, darkness settled down over the town and for an hour and fifteen minutes

lightning flashed and peals of thunder rent the air. During the storm there was a J-shock rainfall with hail. The residence of Mrs. Elizabeth Hiltchman, Mrs. Mary Boyd, Isaac Sherrick, John Green and Wm. Spence were struck by lightning. Mrs. Spence was shocked when the lightning struck their house. Dr. J. W. Shelar was called and with prompt medical attention re-

The First Reformed and First Brethren churches were also struck by lightning. A cow belonging to Edward Brooks was killed by a bolt from the sky, and nine hogs belonging to John Brinker north of town were drowned and washed down under the bridge at the east end of town. Basements and cellars were flooded, telegraph poles washed out of the Standard yard and washed down the Sulphur creek. All Willow row of houses at Moorewood were flooded and people's gardens

were badly washed.
 Large quantities of hail fell during the storm, which old residents say was the heaviest ever known in the N. L. Pleasant. The streets were covered with turbulent waters rushing to Sulphur creek which is in the lowest part of town. The lightning did much damage by striking many places. A shade tree at the corner of Shupe and Main was struck and broken in two. Many of the nearby residents were shocked. Sulphur creek became a raging, torrent immediately after the storm broke. The water spread about one hundred feet on each side doing much damage to the houses, bridges and cars. The Recs stream, the basement of the Recs restaurant was flooded. The household goods belonging to Mrs. Thomas, who resides in the basement of the Recs restaurant were partly destroyed. At about 4 o'clock the water from the boiler room of O. P. COMPERS ASSAILS BURNS DETECTIVES.

Denounces Kidnaping of McNamara Brothers Before Senate Committee.

PERKINS WANTS PROBE MADE

Accuse Postal Inspectors of Having Financial Interests in Burns Concern and Betraying Their Trust for Gain—Want Lid Lifted.

United Press Telegram.
WASHINGTON, July 8.—A bitter arraignment of the Burns detective agency and their kidnaping of the McNamara brothers for alleged complicity in dynamite plots, was made before the Senate "third degree" investigating committee today by President Samuel Compers of the American Federation of Labor. Compers denounced the extradition of the McNamara brothers.

"It was like a stage play," he said. "J. J. McNamara was thrust bodily into a high speed automobile which was all cranked up ready to go. Three railroads were traversed on the trip to Los Angeles to prevent hubbub corpus proceedings."

The labor leader asserted the only question asked J. J. McNamara by the police judge before he was arrested at Indianapolis was his name. The actual arrest, Compers said, was made on Saturday afternoon after all the courts competent to issue habeas corpus writs were closed.

Inquiry into the charges made by the Perkins Detective Agency of Philadelphia, Pittsburgh and Indianapolis, alleging that United States postal inspectors are financially interested in the W. J. Burns Detective Agency and are "prestituting their office to the detriment of the public service," is also asked in a petition filed with the committee. The petition charges that the Burns agency, together with the postal inspectors, have conspired to put the Perkins agency out of business and asks an investigation of the raid on the Perkins office in which papers of value were seized. George B. Perkins, Walter W. Perkins and A. Thomas are now under charges of kidnaping and are \$50,000 from C. Strong of Erie, Pa., through blackmail letters threatening to blow up the Strong home and mausoleum.

The yacht which received the party late last evening when the President returned from his Atlantic City trip, lay at anchor off Thompson Point until 7:15 this morning.

25 Perish in Steamer Disaster

United Press Telegram.
SANTA BARBARA, Cal., July 8.—That four seamen and 25 passengers perished last night in the wreck of the steamer Santa Rosa off Arguilla Point was the statement of survivors who arrived here on a special train today.

Purser Carlton of the Santa Rosa, who has also arrived, admitted that he is unable to check off the list of passengers, and that he is by no means certain that all of the 290 passengers landed safely.

The survivors bitterly criticized Captain Faris for holding them on board the vessel as she lay on the rocks all day yesterday, refusing to permit them to land when a landing could have been effected without peril to anyone. Finally, say the survivors, driven desperate by the rising tide yesterday afternoon, passengers managed a departure headed by F. B. Collins and Edward Montrose of San Francisco, who threatened to shoot Captain Faris unless he allowed them to land. With the wind and sea rising alarmingly, Faris yielded. A few minutes later the steamer split amidships and began to break up. Second Mate Hewson and four members of the crew went down in the surf while trying to get a line ashore to save the people in their charge.

Elevator Boy Delays Trial

United Press Telegram.
NEW YORK, July 8.—Failure to get hold of John Hart, the day elevator boy at the Verona apartments, in which Miss Lillian Graham and Miss Ethel Conrad shot W. E. D. Stokes, who is wanted as a witness for the girls, caused a postponement today of the hearing before Magistrate Prudden until Tuesday morning.

The defense expects to show by Hart that Stokes' visit to the girls' apartments on June 7, the day he was shot, was unexpected by the girls. Stokes testified that he told the elevator boy that the girls were expecting him and that Hart told him to go right in.

Because of the allegation that city detectives permitted private detectives in the employ of Stokes to ramrack the trunk in the apartments occupied by the Graham and Conrad girls, Police Commissioner Rhinelandt Wadwa today directed an official investigation. He declared that if the charge is proven he will dismiss the three men from the force.

Schurman Slaps Modern Theories

United Press Telegram.
DENVER, July 8.—Comparing denunciation of the initiative, referendum and recall by President Schurman of Cornell University in an address here today has aroused considerable discussion among politicians. "It is the duty of lawmakers and interpreters of the laws are pushed upon the people of this country, one man rule will inevitably result," Schurman said. "The commonwealth is bound to center its confidence in the one man who represents their views at the time."

Irwin was found dead, his clothing torn off and lying about in burning shreds. The bolt had passed through him, fired the hay and killed the horses. He was a director of the Citizens National Bank of Irwin and was connected with several business concerns.

Railroad Piles Run Into Money

It is costing the Robert Hill Construction Company a pretty nice piece of money to plant piles along the Western Maryland right of way above the Pennsylvania tracks above Greenwood. The piles are being driven to prevent the Western Maryland's new line from sliding down upon the Pennsylvania tracks.

A total of \$25 piles are required for this work. Quite a number have been placed in the ground and others are following. What it costs to drive the piles themselves will run close to \$15,000.

The piles vary in length from 30 to 40 feet. They are from 12 to 15 inches in diameter at the base and are hewn timber. The man who cuts the lumber gets 9 cents for every foot; the next man gets 12 while the man who turns them over to the Hill company gets 15¢ cent.

Do Your Cooking in the Cool

A hot kitchen is little better than a prison in summer. But the range is there, so all the cooking and the washing must be done there, too.

What a relief it would be to move the range where you pleased. You can do this with a New Perfection Oil Cook-stove—cook your dinner out on the porch, if you like. It is the only range that is really portable—that works equally well in any place. There are no connections to be made, as in a gas range; no wiring, as with an electric stove; no sooty flues and ash-filled grates, as with coal or wood.

The long, enameled chimneys carry the heat directly up to saucapans, oven or boiler; you get full value from your fuel, without waste.

Made with 1, 2 and 3 burners, with hot, turquoise blue enameled chimneys. Heat, flame, fuel, and water can be had with or without a range. The range is fitted with deep shelves, towel racks, etc.
Distributors everywhere; or write for descriptive circular to the nearest agency.

You Get the Odd Change

The new, Regal, "square-deal" method of pricing shoes at COST PLUS FIVE PER CENT. gives the buyer the benefit of many "odd change" prices.

For example, if the manufacturing cost of any pair of Regal Shoes, with 5% profit and selling expense added, comes to \$3.85, you get that shoe at \$3.85—not at the old, traditional, \$4.00 price.

The Regal Company has abandoned the old-fashioned idea that good shoes always must be sold at "even money" prices.

Regals give the purchaser exactly what he wants at the smallest profit and lowest price at which shoes of that style and quality can be sold.
Prices range from \$335 to \$585, and are stamped on the shoes at the factory.

WARM SESSION OF COUNCIL.

The Board of Health Telephone Made Most Exciting Incident.

IN THE SCOTSDALE MEETING

It seems that there was not a complete understanding of the matter. Other matters of business which came up last night.

Special to The Courier.

SCOTSDALE, July 8.—The somewhat strained relations of the week between the Board of Health and the Council which threatened to grow worse were relieved last night when Council met, and among their items of business reconsidered the action of refusing to pay for the telephone in the Health Officer's house and the action they took in ordering the instrument out. The opinion of some of the Council seemed that the Board had exceeded its authority in ordering the telephone to be installed, but the officer's explanation served to put a different light on the matter, and the conciliatory words of Councilman J. W. Fitzsimmons lightened the matter a good deal. This was the most exciting event of last night's meeting.

The motion ordering the phone out Monday evening was made by J. M. Pyle and seconded by H. G. Martz. Mr. Hansens moved a reconsideration of action, which had slipped through then without much noise. After this motion was reconsidered by voting it away, Health Officer P. P. Goshorn asked to be allowed to say a few words. He declared the phone over which there had been so much controversy had been put in his house on a 60-day trial last fall, and at the end of the trial time his family and himself concluded that it was not worth to them the amount of \$1.25 a month and consequently instructed the company to remove the phone. The Board of Health told him to keep the phone in as they needed it. "If the health of the town is not worth \$1.25 a month then it is worth nothing," said he. "This bill is not mine. It is the Board of Health's, and when you are turning down that telephone bill you are turning down your Board of Health." He explained how the phone is used by the members of the board and physicians to report infectious and contagious diseases directly and without delay.

Mr. Hansens said it had appeared to him that the Board got along without a telephone before, and that there would have been probably nothing said if the Board had consulted with the Council and explained the matter.

Mr. Goshorn spoke again saying that he was not speaking for the Board of Health just then but as an individual he did not want it charged that he was getting a telephone at the expense of the Borough. He went on that if the Board of Health had made a mistake in that that there might be some of the Councilmen making a mistake by hiring their team to the Borough contrary to law.

Mr. Pyle arose at this and said that he wanted to answer Mr. Goshorn as it was himself that Mr. Goshorn was referring to. Pyle continued that he would not pretend to allow his team to go on the street again, but that the dog had a right to look up for any one that wanted him, and he had so done for the Borough. He said that he would continue to turn Goshorn's telephone down as long as the Chief of Police, the Secretary and the Councilmen were without phones.

Mr. Fitzsimmons, who was absent on Monday night, said that he thought that he thought there might be some mistake in turning down the Board of Health. He said the Chief of Police and the others mentioned were perhaps getting a larger salary than the Board of Health officer and could better afford a phone. He thought that the importance of the health work demanded some little consideration. Mr. Goshorn said he received but \$35 per month, and it would not justify him to pay for a phone. The Chief of Police gets \$75 per month.

Mr. Findlay poured some more oil on the troubled waters by saying that so far as Mr. Pyle's team was concerned the Street Commissioner had told him that he could find no team in town that day except the one of Mr. Pyle's and that he was told to fire it from the driver, who runs the team. The Borough used to talk about buying a team in order to have one when needed. The team has been needed frequently.

The telephone business finally came to a vote that the bill be paid. That would leave the phone in as good standing as before, the motion to have it removed being dead. It took a roll call on this with J. W. Fitzsimmons, A. B. Findlay, W. L. Schaffer and M. L. Hansens voting in favor of the phone and John M. Pyle, H. G. Martz and W. T. Massey voting against it. This closed the one exciting incident of the evening and things were tranquil after that.

Attorney F. B. Folk said that the authorities cite that the Borough must not notify property owners to lay sidewalks and the latter failing or refusing to do so the Borough can go ahead and do the work and collect for it. It is incumbent on the Borough to make the grade if it is a new street, or if a change is made in the sidewalk grade the Borough must see that it is brought to the right place.

Ball playing in Loucks park is under a sort of ban at present, a team having knocked a foul ball through a front window of S. O. Stohrer's house, something of a nuisance said to be common in that section. The Council considers making it obligatory on the teams to pay such damage, or not be permitted to play ball.

Tax Collector S. B. McMillan made his monthly report, turning over \$25,415.23 of taxes.

The water conditions seem to be satisfactory just now from what the Water Committee reported.

KEELER COMES BACK

After 30 Years in West as if From the Grave.

HUNKER, July 8.—After his family had believed for thirty years that he had been killed by Indians, Abraham Keeler, a one time resident of this section, has come out of silence in the far west.

Instead of a chance story coming back as to the fate of Abraham Keeler, he is now in this neighborhood, telling his adventures of the past score and ten years. Once he has completed his visit to old Westmoreland, he will return to Walla, Washington, near which place he owns a farm of 280 acres and lives in good circumstances.

It was in 1881 that Abraham Keeler left this section, leaving behind his wife and four daughters, then small girls. Unhappy home life is hinted as having been the cause of his departure. It was known that he had turned his face to the westward, but no word

had ever come back from him.

Of a venturesome and daring nature, Keeler was considered as one who would get all possible from a western life. But the long continued silence, coupled with his traits, finally caused his friends and relatives to conclude that he had fallen a victim to hostile Indian bands.

Like one resurrected from the grave Keeler returned here just a few days ago. He found his four daughters yet living. They are Mrs. Alex. Baehle, Mrs. E. B. Sherbondy, Mrs. Andrew Cusack and Mrs. Washington Dilling. Mrs. Dilling resides at Pennsville.

Keeler has decided to spend a little time with his grown-up children, as he is now 78 years of age. Despite his advanced years, he is hale and will go back to Washington as soon as he has seen enough of this vicinity, where he was once well known.

General Koontz Left \$60,000 Estate

Special to The Courier.

SOMERSET, Pa., July 8.—It was found yesterday when the will of General William Henry Koontz, who died July Fourth, was probated that the feature of the will is the bequest of a public library to citizens of Somerset. It will be built around his own private library, which is to be held six years by his executor and former law partner, John G. Ogil.

During his lifetime General Koontz gave away a fortune of probably \$1,000,000. The will shows an estate valued at \$60,000.

Part of the fortune was bequeathed as follows: Rebecca Young, his housekeeper, \$1,000; Mattie Snyder Althouse, Philadelphia, \$1,000; Lucy M. Snyder, Somerset, \$1,000; Harry E. Myers, Somerset, \$1,000; Catherine Koontz, a niece, Somerset, \$1,333; William H. Koontz, Jr., a nephew, Somerset, \$1,333; Jacob S. Koontz, a nephew, Somerset, \$333; Howard D. Koontz, a nephew, Somerset, \$333. The rest of the estate is to be divided equally between the following brothers and sisters: Mrs. Benjamin F. Myers, Harrisburg; Miss Missouri Koontz, Somerset, and Jacob and Frank Koontz, Somerset.

His sister, Missouri, is to hold in trust a silver bowl presented years ago to the late Gen. Koontz by J. G. Harvey of Baltimore. The bowl is to be kept in the family as long as possible.

SUIT TO COMPEL

Lehigh Valley to Give Up Its Coal Mines.

PHILADELPHIA, July 8.—An amended bill of complaint against the Lehigh Valley Railroad Company to compel the separation of coal mining from the railroad transportation business under the commodities clause prohibiting railroad companies from transporting commodities in which they are interested, was filed in the United States Circuit Court yesterday by Edwin P. Gross, counsel as assistant to the Attorney General.

That the Lehigh Valley Coal Company, Cox Brothers, Inc. and the New York & Middlefield Railroad & Coal Company and the Locust Mountain Coal & Iron Company are not bona fide coal companies but merely adjuncts to the Lehigh Valley railroad and are "devices for evading the commodities clause," is the Government's principal complaint.

By proving that the Lehigh Valley railroad is the actual owner of the Lehigh Valley Coal Company's anthracite, or has a pecuniary interest in it, the Government hopes to bring the case into line with the recent decision of the Supreme Court in the commodities clause case, strike down the dummy coal companies and force the coal carrying railroads from their control of mines.

While in effect, the Government's action is a blow at the so-called coal trust, the case is separate from that suit, which is now on appeal to the Supreme Court.

Judge Gray, of the United States Circuit Court of the Eastern District of Pennsylvania, signed an order at Wilmington, Del., yesterday permitting the filing of the amended complaint.

NO HARMONY THERE. Miners at Odds at Ending of the Irwin Miners' Strike. Everything is not harmonious in District No. 5, United Mine Workers of America according to a statement that has been sent out by a committee of miners, following the abandonment of the strike in the Irwin field. The statement is signed by Robert H. Gibson, president, also Kephart, vice president, and Andrew Puckar, secretary, and is as follows:

The miners throughout the Irwin Greenburg fields today held local meetings at which they voted to accept the terms of the new contract. This was taken to call off the strike which has lasted for sixteen months. This was compulsory for these poor, misguided miners to accept the new contract. The Board in session at Indianapolis headquarters last week voted to discontinue business strike because to them and directed Francis Peckham to call their leaders and arrange to have the strike terminated without any recognition or concessions whatsoever.

A meeting of these leaders was held in Greenburg last Monday. International Board members A. R. Watkins of Ohio, George Daggar of Western Pennsylvania and Thomas Linggert of Central Pennsylvania had been delegated to represent the International Union. Peckham admitted privately last spring that this strike was lost. He told the International Board at Indianapolis that it had been a lost cause since last summer. He said that he had no doubt that the strike was lost. He said that he had no doubt that the strike was lost. He said that he had no doubt that the strike was lost.
